TO: President of the Russian Federation

V.V. PUTIN

Respected Vladimir Vladimirovich!

A peaceful sky, land of our ancestors and the safety of children – nothing can be more important for every inhabitant of our planet. For everyone. No exceptions. Regardless of ethnicity or native language. The North, Siberia, and the Far East remembers with gratitude those who have dedicated their destinies to the formation of our regions. This group includes people born in Ukraine, including Donetsk and Luhansk. For eight long years, and with pain in their hearts, the indigenous inhabitants of places far from these “hotspots” kept hoping for the restoration of human rights in Ukraine and the equality of all citizens without exception. Peacemaking is never easy. The Russian civil organization “Association of the Indigenous Peoples of the North, Siberia, and the Far East” supports your aspiration and decision to protect the rights and interests of the residents of the Donetsk and Luhansk Peoples Republics and the security of a multiethnic Russia. We, representatives of 40 small indigenous peoples of the North, Siberia, and the Far East express hope for quick mutual understanding to ensure peace and harmony.
